Hoang Tran

Finland / Vietnam | Software Developer | hoanganh.tnvn@gmail.com | hoangtranportfolio.com

Summary

Junior Software Developer with hands-on experience in software development at two Finnish companies. Successfully resolved a nine-month-old escalated customer support ticket, delivering a solution that received positive customer feedback. Selected to mentor a newly onboarded employee despite being a trainee. Delivered programming tasks on time and collaborated with the team to identify solutions when encountering technical challenges. Take a big-picture view before focusing on details and make time to understand the technologies and tools used in a new environment, helping to learn quickly and work more effectively.
